

\$0.5 MILLION FUND-RAISING CAMPAIGN

Membership Approval: Building Cost not more than \$3.5 million
(Tax & furniture/equipment expenses excluded)

Construction loan not more than \$3 million

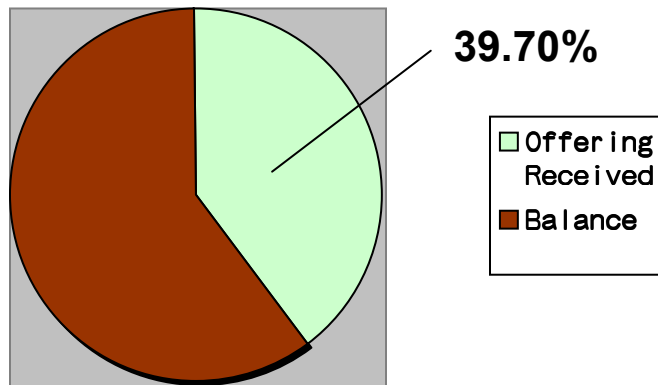

Reason: We propose to raise \$0.5 million before the construction as Cash Reserve for paying invoices.

Spiritual Discipline: The Building extension project is an opportunity for SCAC family to respond to God's leading through faithful offering. Luke 12:48 reminds us that "who has been given much, much will be demanded". If you can give more, may our Lord bless you to give more; if you cannot give much, may our Lord bless you to give according to your burden. Let us practice the spiritual discipline on faith and offering together as a church!

Step Besides your regular tithe offering, you may contribute to the needs of the extension weekly or monthly according to your burden. What you need to do is to mark down the amount for Building Fund on the offering envelope.

Building Fund collected during the period

of October 4, 2008 to February 22, 2009: \$198,511.60

Wait, Work, Look Upon God!

**“Blessed is he whose help is the God of Jacob,
whose hope is in the Lord his God.” Psalm 146:5**

Thank the Lord for His leading in our membership meeting. We have approved the construction of building extension with the condition of obtaining bank loan of not more than \$3 million. We expect the construction to begin in May 2009. Until then, please pray for the “to-do-list” of Building Committee:

- Review the working drawings for applying building permit
- Complete the Site Plan Approval application
- Meet with the City
- Work with BOE treasurer in applying construction loan
- Consult with the congregation
- Recruit more brothers and sisters to serve
- Prepare budget for construction and furniture/equipment
- Prepare room usage and parking plan during construction period
- Prepare interior design draft
- Explore the rental of nearby office units during construction period
- Explore the parking plan on Land 4
- Tour some new church facilities in GTA

While we are working hard for the preparation, let us not forget to look upon God to help us and guide us. We pray that every member of the SCAC family will share the vision of building project. We invite you to write down any comments and dreams about the building extension and encourage each other to finish God's work!

YOUR PARTICIPATION!

Vision: Proclaim Christ

4 worship halls for worship, gospel meeting, banquet, fellowship and Sunday school, etc.

Vision: Build Up Life
